CITATION FOR NONCOMPLIANCE
CALIFORNIA HEALTH AND SAFETY CODE, SECTION 116555 AND
CALIFORNIA CODE OF REGULATIONS, TITLE 22, SECTION 64432.1(a)

NITRATE MONITORING VIOLATION
2018 CALENDAR YEAR

The California Health and Safety Code (hereinafter "CHSC"), Section 116650 authorizes the State Water Resources Control Board (hereinafter "State Water Board"), to issue a citation to a public water system when the State Water Board determines that the public water system has violated or is violating the California Safe Drinking Water Act (hereinafter "California SDWA"), (CHSC, Division 104, Part 12, Chapter 4,

commencing with Section 116270), or any regulation, standard, permit, or order issued or adopted thereunder.

The State Water Board, acting by and through its Division of Drinking Water (hereinafter "Division"), and the Deputy Director for the Division, hereby issues Citation No. 03_12_19C_020 (hereinafter "Citation"), pursuant to Section 116650 of the CHSC to the Home Garden Community Services District (hereinafter "Water System"), for violation of CHSC, Section 116555(a)(1) and California Code of Regulations (hereinafter "CCR"), Title 22, Section 64432.1(a).

STATEMENT OF FACTS

The Water System is classified as a community public water system with a population of 1,750 persons served through 502 connections. The Water System is using groundwater sources to supply potable water to the distribution system: Well 01D, Well 04 and Well 02D-Standby.

CHSC, Section 116555 requires all public water systems to comply with primary drinking water standards as defined in CHSC, Section 116275(c). Primary drinking water standards include maximum levels of contaminants, specific treatment standards, and monitoring and reporting requirements as specified in regulations adopted by the State Water Board.

Pursuant to CCR, Title 22, Section 64432.1(a), the Water System is required to collect one sample annually for nitrate testing from each source. During the 2018 calendar year, the water System failed to collect a nitrate sample from Well 01D and Well 04.

DETERMINATION

The State Water Board has determined that the Water System has failed to comply with primary drinking water standards pursuant to CHSC, Section 116555 and nitrate monitoring requirements pursuant to CCR, Title 22, Section 64432.1(a) during the **2018 calendar year**.

DIRECTIVES

The Water System is hereby directed to take the following actions:

1. By **July 1, 2019**, notify all persons served by the Water System of the violation of CCR, Title 22, 64432.1(a), in conformance with Sections 64463.7 and 64465.
 - Section 64463.7 allows the Water System to utilize the 2018 Consumer Confidence Report to meet the requirement of notification within a one-year period. In addition to the required information for the Consumer Confidence Report, the Water System must include the following language in the Consumer Confidence Report: "We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the calendar year 2018, we did not monitor for nitrate from Well 01D and Well 04 and therefore, cannot be sure of the quality of your drinking water during that time."

The notification must be completed in accordance with the following distribution methods:

- By mail or direct delivery of the Public Notification to each customer served by the water system and;
- By one of the following secondary methods to reach persons not likely to be reached by mail or direct delivery;

- 1 ➤ By publication in a local newspaper, by delivery to community
2 organizations or by posting in conspicuous public places served by the
3 water system or on the internet. If the water system opts to issue the
4 notice via internet website, the public notice must remain posted for a
5 minimum of seven (7) consecutive days.
6

7 The Water System must determine which option will be used to conduct the secondary
8 distribution of the notice.
9

- 10 2. Complete Appendix 1: Compliance Certification Form. Submit it together with a
11 copy of the public notification required by Directive 1 to the State Water Board by
12 **July 10, 2019.**
13
- 14 3. By **May 31, 2019**, a nitrate sample must be collected from Well 01D and Well 04
15 and the results reported to the Division by the 10th day of the month following
16 completion of the analyses.
17
- 18 4. The Water System must ensure that monitoring is conducted annually for nitrate
19 from all its active sources and that the laboratory, which conducts the analysis,
20 submits the analytical results electronically by a State Water Board approved
21 method no later than the 10th day of the month following completion of the
22 analyses.
23
- 24 5. The Water System shall include this violation in the 2018 Consumer Confidence
25 Report in accordance with CCR, Title 22, Section 64481(g)(1).

The California SDWA also authorizes the State Water Board to take action to suspend or revoke a permit that has been issued to a public water system if the public water system has violated applicable law or regulations or has failed to comply with an order of the State Water Board, and to petition the superior court to take various enforcement measures against a public water system that has failed to comply with an order of the State Water Board.
